100V Voltage Weatherproof Speaker for Voice Announcement

The [100v column speakers](#) RH-CS1 Series use multiple speaker 4 inch drives to create a slimline column offering excellent sound dispersion, total four models give options with output power rates 10W/20W/30W/40W respectively, each model is made with line voltage transformer to offer a lower output power (half of full power). From interior parts of speaker drives and support plate to external cabinet, they are made of waterproof materials with IP 65 rated. RH-AUDIO [waterproof speakers for sale](#) is famous for its waterproof features and low cost among the customers.
