Outdoor Unidirectional Sound Projector Speaker RH-CH31

RH-AUDIO RH-CH31 is an unidirectional sound projector speaker is made out of all metal extruded aluminum alloy enclosure with cast aluminium top and bottom plates are fully antirust, dustproof and weatherproof IP65 rated and the speaker driver units inside also are waterproof featured.

This speaker provides broad frequency response range, low distortion and high sound pressure level for accurate and intelligible broadcast of evacuation messages and high quality sound reproduction.

Used commonly for corridors, tunnels, or any narrow areas which require a more projection sound dispersion.

The characteristics of [outdoor projector speakers](#):

- ※ Unidirectional speaker driver: full range 6.5"×1.
- ※ With rated power taps: 5W / 10W / 20W.
- ※ Built-in 100V transformer (This technique of line input 100V reduces signal losses on a longer distance and allows easy parallel connection of multiple loudspeakers).
- ※ Full alloy enclosure and mounting bracket..
- ※ Easy and secure through the adjustable U shaped mounting bracket.
