Two Way Voice Alarm Speakers

The [RU-AUDIO](#) Two Way Voice Alarm Speaker RH-MS15 Series offers three sizes of options with rated power 20W,30W,40W separately. These 100 volt distributed speakers use two-way sound system by adopting polypropylene woofer driver and silk dome tweeter.

Built-in step-down transformers to simplify impedance calculations and to minimize power loss over the speaker cables, are most appropriate for high-voltage audio distribution systems.

The trapezoidal design allows for the enclosures to be mounted neatly into corners with U shaped stainless and rotatable mounting bracket is supplied.

A sophisticated version with wattage tapplings selectable by an integral rotary switch on rear for selections of 70 volt, 100 volt and 8 Ohm.

The characteristics of [speaker alarm](#):

- ※ 2-way wall mount speaker.
- ※ Three speaker sizes are available with separate woofer size 4", 5" and 6".
- ※ Black and white color are available.
- ※ Built-in 100V transformer (this technique of line input 100V reduces signal losses on a longer distance and allows easy parallel connection of multiple loudspeakers).
- ※ Also 8 Ohm input is available without transformer.
- ※ ABS enclosure, metal grille, metal bracket.
- ※ Fast installation by U shaped stainless and rotatable mounting bracket could be adjusted at request.

The specifications of [voice fire alarm](#):

Model	RH-MS15/4	RH-MS15/5	RH-MS15/6
Rated Power (W)	20W	30W	40W
Line Voltage (V)	100V	100V	100V
